Items We Cannot Accept

It's hard to say "no thank you" to a donation when those donations help to fund our programs and services. However, we do need to refuse some items for being non-recyclable or containing hazardous materials. Other times, the item must be refused because it costs more to transport, repair or refurbish than it can be sold for in our stores. Our donation attendants are trained to know what we can and cannot accept, and will help guide you to other possibilities for donations we cannot use.

We cannot accept the following items:

- No household chemical products such as pesticides, paint, paint thinner, drain cleaner, oven cleaner, aerosols and other environmentally-unfriendly waste products.
- No automotive hazardous waste such as tires, lead acid batteries, additives, gasoline, oils, antifreeze, etc.
- No personal care items such as shampoo, conditioner, nail polish remover, shaving cream, hair sprays, or shavers unless new

- No household chemical products such as pesticides, paint, paint thinner, drain cleaner, oven cleaner, aerosols and other environmentally-unfriendly waste products.
- No automotive hazardous waste such as tires, lead acid batteries, additives, gasoline, oils, antifreeze, etc.
- No personal care items such as shampoo, conditioner, nail polish remover, shaving cream, hair sprays, or shavers unless new
- No fragrance items unless new
